
Enjoy your life when Sun is shining,
Enjoy the Sun when sky is blue.
And when some boring clouds cover
The sky, enjoy these clouds too.

Don't hesitate to open window.
Don't panic when the air cold.
And don't believe to ugly shadow,
To laziness, that has just told

You: "Stay! That's it. And be in comfort".
In what?.. You're kidding me for sure.
I don't believe in perfect carpet.
Don't be naive and seem so pure.

Look into hard and deep in spirit
You see some light, or is it dark?
Oh, no I don't believe you're willing
To spend whole night within black suck.

Wake up! Hey, you, to whom I'm talking.
Make sure that you've cleared prop.
Ignite the spark. You think I am joking?
Run up, prepare for take-off.
